Education

University of British Columbia

Master of Architecture | Graduation May 2021

Emily Carr University of Art and Design

Bachelor of Media Arts | Interactive & Social Media Arts | 2016

Work Experience

User Experience and Interaction Designer

Hot Soup Marketing Group | 05.2017 - 08.2018

I was involved in all stages of the design and development pipeline, from gathering information at initial client meetings, to creating proof of concepts and deploying finished websites. I helped grow Hot Soup Group's diverse portfolio by pushing the company's capabilities in regards to innovative interactive designs and web development practices.

Research Assistant

Emily Carr University / Immersive Ventures Inc. | 10.2015 - 12.2016

As a joint pursuit between Emily Carr University of Art and Design and Immersive Ventures, I worked as a research assistant in designing and developing a lightweight spidercam for use with Immersive Venture's 360 degree cameras. This spidercam supports virtual reality filmmakers who would otherwise physically carry a camera through a space, capturing their own image in the process. By allowing remote control movement of the camera, this spidercam effectively prevents the camera operator from being captured in the shot. I worked with the clients to develop a product that can easily be transported and quickly setup on site.

Graphic Design Analyst

Tan Line Architects | Summer 2015

As a Graphic Design Analyst, I created a brand kit outlining logo use, font choices and colour schemes to ensure a consistent brand identity across platforms. I was also responsible for expanding the company's online audience through the design and implementation of a digital marketing strategy addressing pay-per-click advertising, methods for improved search engine optimization, and brand awareness through social media.

I am a Vancouver based M.Arch student graduating in May 2021, searching for a position as an intern architect.

Awards + Scholarships

Fast + Epp UBC ArchEng Design Competition

Second Place | 2020

The President's Media Arts Awards Nominee

Emily Carr University of Art and Design | 2016

Simon Chang Award

Emily Carr University of Art and Design | Scholarship | 2014

Christopher Foundation Scholarship

Emily Carr University of Art and Design | Scholarship | 2013, 2014

Barbara and Arne Vengshoel Scholarship

Emily Carr University of Art and Design | Scholarship | 2013

Skills + Tools

3D Modeling and Drafting

AutoCAD, Grasshopper, Revit, Rhino

Design

Adobe Illustrator, Photoshop, InDesign

Model Making and Prototyping

Arduino, Laser Cutting, Processing, 3D Printing

Activities + Interests

Masters level rower with The Vancouver Rowing Club
Novice surfski paddler
Sketching and watercolour painting
Sustainable design
